and inspiration. What makes this book so great is that his trademark relatable and timeless style are in full effect throughout each collected piece of writing. This eBook really makes it clear how much he cared about the success of his reader. From page to page, you're getting numerous assorted bits of wisdom. The editors organized the blog entries thematically so that it's an easy read that flows surprisingly well. With every new chapter, I found myself re-evaluating and troubleshooting the screenplays that I have recently completed, and the ones currently in progress. I already have a list of improvements I'm excited about. All in all, it's a really cool and digestible addition to the Save the Cat! series that you can pick up and benefit from no matter what stage in the writing process you're in. Needless to say, the fact that it's all in Blake's own words is a huge bonus! 3 of 3 people found the following review helpful. A Classic. A+++++ By A. I find myself on the site, struggling to find some of Blake's older blogs. No more struggle, they are all right here, and now, as I've been reading through them, I'm reminded of what fantastic advice and insights his articles have to offer. This is definitely my portable go-to read, as I work through my rewrites. 1 of 1 people found the following review helpful. What I love about this latest book is that it goes beyond ... It's my new "go-to" to get past writer's block and procrastination.
