Still a nice book for fans of the film By Dave O Lots of pictures but a little short on text. I was hoping it would have more information on the making of the film. It does cover some of it but not in much detail. Still a nice book for fans of the film. 0 of 0 people found the following review helpful. I would like to return By Hockey mom I wanted the book to read not pictures I didn't see any opportunity to return or exchange

Over 50,000 sold the only illustrated companion book to the extraordinary film. Includes excerpts from Stephen

Ambrose's books, screenplay extracts, and commentary by Steven Spielberg, Tom Hanks, Matt Damon, Janusz Kaminski and others. 100 illustrations, 130 color plates.

James' book, an extension of the message of the film, is a valuable artifact of cinematic history. Inspired by those who sacrificed their lives for liberty, the memory of the images is not soon forgotten. -- Photo Insider
