Scarface The Movie Script book has the whole entire Scarface movie in it with deleted scences from the movie. It contains extra information in it . Like for example, Tony Montana buying a rich mansion in Coral Gables, Miami, Florida. Or Tony Montana staying at the Freedom Town prison (which is the prison in the movie shown under the freeway)for 6 months. I really reccomend this book. My other reccomendations-

Scarface by Paul Monette.

Relive the epic 80s movie staple of greed, success and excess! IDW presents this special printing of Oliver Stones notorious screenplay, telling the story of Tony Montana and his grab for ultimate power in cocaine-obsessed Miami.
