**Colin Davis : Scenes of Love and Murder: Renoir, Film, and Philosophy** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scenes of Love and Murder: Renoir, Film, and Philosophy:

This is a unique study of one of the biggest figures in the history of world cinema, Jean Renoir. The book contains in-depth analysis of classic and much-loved films.

[Davis'] scene readings are brilliant... Highly recommended. (Choice)
