is NOT it. By Edith Bunker Unbelievable! An ultra-slim "28 page" book, of which 5 pages are taken up by the title page (back and front), table of contents, copyright/self-published info, and thank you page. The font is large, and beyond the cover illustration of mushrooms, there are no other illustrations/charts/visual guides/etc. It looks like it was printed from a Word document--bare bones. 0 of 0 people found the following review helpful. Come on..... By Soh Chan Mi Cant be that bad. If you think it does then give a low rate and make the author feel dumb that is soooo not right but if you think it is right then your wrong. You should be grateful what authors make for us. They make it for us to enjoy it. So rate this book high. Not kidding!!! AT ALL.
