The puzzles are all different, some go in different directions and some you even have to fill in letters or even whole words. Definitely something if your tired of the same old style word search.0 of 0 people found the following review helpful. difficult for sureBy Raymond E. These 59 stimulating word searchesmany with entertaining themes like "Birdwatching," "Boxing Match," and "Patchwork Quilt"just dont follow the rules! Sometimes words change direction, form shapes, or meander to create a continuous path. Letters "go missing"or extra ones appear that aren't on the list. Other puzzles mix it up with anagrams and rebuses for extra-hard solving. Are you tough enough?
