She learned with this system 15 yrs ago and now she is using the system again.0 of 0 people found the following review helpful. Great songs!By CustomerOur teacher uses the materials but doesn't follow strict Suzuki methodology, which we both think is too rigid and emphasizes technique over creative expression. It seems to be working because our daughter is a wonderfully nuanced player even though she is still very young. The songs in these books are excellent. They make her feel that she is playing "real music" with names like Bach, Beethoven and Mozart attached and they impress the heck out of her
