1 of 1 people found the following review helpful. Wonderful book By Frank Border Phenomenal value of a great, great score. Go with this over the Boosey and Hawkes Masterworks volume which contains poor printing quality throughout. This volume has nice, clear, dark engraving (though, admittedly, probably not quite as nice of paper, but

that's reflected in the cost). The comb binding is not ideal but isn't so tight as to be too much of a distraction.0 of 0 people found the following review helpful. Five StarsBy MelAwesome!

The comb binding creates a lay-flat book that is perfect for study and performance.
