**Antonín Dvořák, Music Scores : Symphonies Nos. 6 and 7 in Full Score (Dover Music Scores)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Symphonies Nos. 6 and 7 in Full Score (Dover Music Scores):

0 of 0 people found the following review helpful. Useful tool for orchestra members too. Not just conductors. By Horn Player I play horn in a community orchestra. I find it helpful to buy one of these when we are learning a particularly challenging symphony. It helps me see how all the parts fit together and allows me to better mesh with whole. Highly recommend. 0 of 0 people found the following review helpful. Four Stars By charles Good printing of standard lit that everyone should know. 0 of 1 people found the following review helpful. Good score By Aaron Daniel This is a great collection of the Dvořák Symphonies, there are much better editions out there but for the price these are a good buy!

While the immense popularity of Dvok's Symphony No. 9, "From the New World," has somewhat overshadowed his other symphonic works, the two symphonies reprinted here are superb compositions in their own right. Indeed, the Symphony No. 7 in D Major is considered by many music authorities to be Dvok's finest achievement in the symphonic form. Its strong, concise development, great emotional depths, and heroic spirit have won the work many admirers among critics and public alike. Regarding the Symphony No. 6, Grove's Dictionary has this to say: "The joyous Symphony in D Major, Op. 60, full of the fragrance and melody of the Czech fields and forests, full of light and cheerful courage, with the furiant in the scherzo, is a work of striking originality." This handsome, durable volume affords music lovers the opportunity to study these great scores, carefully and accurately reproduced from an authoritative German edition.
