**Louis Vierne : Symphony No. 3 in F-sharp Minor, Op. 28 Sheet Music (Organ Solo)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Symphony No. 3 in F-sharp Minor, Op. 28 Sheet Music (Organ Solo):

2 of 2 people found the following review helpful. Good clear manuscript copy but with typesetting flaws.By Kim F SmithThis is a NEW engraving of this work, not a resized reprint of an old pdf scan. Don't let the 8-1/2" 11" size put you off. It is a very sharp and clear staff! Naturally, since this is engraved from scratch, some mistakes crept in - most noticeable in the initial registrations from the 2nd movement on, it overprints itself on the next line. Not a problem if you've heard the work because the manuscript copy is clear. A few other minor formatting errors such a parenthesis on wrongs lines etc. Title page is actually the last page - minor stuff overall, and easy correctible on next edition.

This sheet music was newly engraved from early and authoritative editions. Scored for Organ Solo. Published in 1912.
