**Camille Saint-Sans, Music Scores : Symphony No. 3 ("Organ") (Dover Miniature Music Scores)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Symphony No. 3 ("Organ") (Dover Miniature Music Scores):

Dedicated to the memory of Franz Liszt, the composer's friend and mentor, Saint-Sans' Symphony No. 3 ("Organ") ranks among the most important works in French symphonic music. In this work, Saint-Sans achieves a synthesis of the traditional four-movement symphony with Liszt's characteristic thematic metamorphosis all forms of the theme

being derived from the four-note "dies Irae" motif from the Gregorian mass for the dead. Ideal for use in the classroom, at home, or in the concert hall, this affordable new miniature-score edition offers music lovers, performers, and students an opportunity to study this masterpiece of the late Romantic repertoire in an accessible, convenient format.
