Love That This Score Is Available, But Wish the Print Was Sized Appropriately For the Page and the Print Quality Was BetterBy dadajoyI love this symphony and was very excited to be able to find the orchestral score. The book size is big enough at 8.5"x11". Unfortunately, the printed score on the pages is rahter undersized at 5.5"x7.5". This is a bit of a deception in my opinion, as the book size leads one to believe that the printed score would be much bigger and fill the page better, leaving a 1-inch margin around the paper. Disappointing.As to the quality of the score, it is mediocre at best. The manuscript is comparable to a 7th-generation copy of a document. It is readable, and moderately easily so in places, but difficult in other places. Some notes and markings have a smudged at the edges appearance.These criticisms aside, I am still glad to have this score. Someday, I'm gonna have the time to enter this score in my Music Score Program so that it will be fresh and I will submit that to

the publisher so it will be easier on everyone to read it in the future. 1 of 4 people found the following review helpful.
AwesomeBy T14Simply a wonderful album from Maestro Ormandy and as much as I am a huge Maestro Ormandy and a Philadelphia Orchestra fan it is good to see albums coming around with him doing his rare guest appearance conducting. I am one not for all the frills and technical information but rate albums on "are they enjoyable to listen" and this one certainly is that. This CD is a must for fans of Maestro Ormandy....
