**From Oxford University Press : Symphony No. 5: Full score** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Symphony No. 5: Full score:

for orchestra A new edition of Vaughan Williams's much-loved symphony, published as part of the 2008 anniversary celebrations (50th since death). Contains an introduction by Michael Kennedy and textual notes. Matching, newly engraved orchestral parts will be available on hire.

The fact is that the new edition of the symphony is not only the best to have appeared, but the best by a very long way,

and its impact on performances will be appreciable. It is good to hear that other Vaughan Williams symphonies are to receive similar long-overdue overhauling. Colin Coleman, Brio (IAML), Spring 2010
