**From Edition Wilhelm Hansen : Symphony No. 6 Op. 104** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Symphony No. 6 Op. 104:

2 of 2 people found the following review helpful. Too large  
By A. C. Thompson  
This score is great, it is the only version of Sibelius Symphony 6 that I could find, but it is too large. It will probably be the largest book you own, and will not fit on any bookshelf you own. It is something you could see from a distance, and the binding is spiral so it will lay flat. If you want something like that, then this book is good.  
1 of 1 people found the following review helpful. huge! and wonderful  
By stevewheel  
At last! A full-size conductor's score of my favorite symphony Beautiful to look at, and spiral-bound for easy page-turning.  
0 of 0 people found the following review helpful. Front and back cover  
By eun hee cho  
The service was great and the scores look big and clean. Except when I recieved it, there was some dirty spots in the front and the back cover. Other than that I'm very satisfied with it.

(Music Sales America). Sibelius completed this work in February 1923 and conducted the premiere at Helsinki on February 19 of that same year. His first reference to the work, in 1918, described it as "wild and passionate in character. Dark with pastoral contrasts. Probably in 4 movements...intensifying in a dark orchestral swell until the main theme is drowned." At the same time he cautioned that his plan could change and how it did! "depending on the way my musical thinking develops. I am always a slave to my themes and obey their demands."
