Mahler's ninth is a masterpiece of symphonic writing and being able to read the score critically while listening to the music itself. You can literally see the sound waves jumping off the page, and the genius within each line. The brilliancy of Mahler's 9th, as well, is owed to the simplicity of the orchestral writing, which is mind boggling to look at, as well as hear. I've always loved the Dover Music Scores, mostly because they come in large print, easy to read, and sturdy enough to relax and watch or play on a piano! Excellent addition to your collection of scores, highly recommended!

Well printed score. Has the high standards of the other Mahler works I've purchased from Dover Music. Would recommend to anyone who wants to study the scoring of these great works and have a clear and concise score to read from. Excellent.

By George Goldberg  
It wasn't so long ago that a full score of a Mahler symphony cost a week's wages. Dover has made a large part of the classical canon available to music lovers without deep pockets or institutional affiliation. Of course they must cut some corners, and here they use a very small font to get everything on the relatively small pages (8 x 11). On some pages the font is REALLY small, but the notes are all so clear that it's quite readable - though not, to be sure, from a conductor's podium. This is a study score, not a performing score. As such, it's fine. Highly recommended.

All Kalmus Orchestra Library items (except "Study Scores" and "Vocal Scores") are large-format (either 10x13 or 9x12 inches) printed on high-quality offset stock. Individual parts and sets do not come with covers and are normally saddle-stitched or sewn.
