who is older and has poor vision. It is not as large print as I was hoping for. It is still a good word-find. I do not recommend for people who have very poor eye sight.1 of 1 people found the following review helpful. Everybody need some of theseBy Stella AndersonI loved word searches ever since I was a kid, so this was a perfect self-gift. I keep it in my purse, and then take it out when I'm bored on the bus, or even while flying. The actual word searches are big enough so I don't have to strain my eyes, which is helpful when you're doing several of these in one sitting. They're a little harder than you'd expect, but not hard enough to get frustrated and angry at them. They're quite refreshing to do in the morning, or when you're stressed out about something else going on. Almost therapeutic really.0 of 0 people found the following review helpful. Very Satisfied.....By Detective RiggsVery satisfied. Got this for my Gramma as she loves doing "word finds" and with her in her 80's now the large print are excellent.Very good price as well, would highly recommend for anyone with not the best eyesight or for kids who enjoy playing word finds.
