If you love AIO as much as I do, this CD set will make you cry because it is so bad. Mr. Whitaker's voice has been changed and you will not even recognize it. The stories are depressing, poorly written, have no plot, and are all around pitiful. Something happened to AIO beginning with the set prior to this one (The Best Small Town). They are just not the same. I am seriously grieved over this. I guess when Dr. Dobson left Focus on the Family, the priority of AIO went with him. 0 of 0 people found the following review helpful. I love Adventures in Odyssey By N. Foster I love Adventures in Odyssey! There are some great episodes on this album. AIO is super for adults and children! :) The discs took ages to come... But probably due in part to the fact that they came all the way from the UK. Hehe! 0 of 0 people found the following review helpful. Great New Start By Pro Reviews I was skeptical of this "new start" when I discovered that there was going to be a new voice actor for Mr. Whitaker. I was very pleased with their choice. I think that this is a great new start. Enjoyable for new and old fans alike. This is a great learning tool for children to grow in their understanding of Godly principles. This set deals primarily with the issues of inspiration, procrastination, revenge, responsibility, pride, family, and perseverance. check it out for yourself, you wont be disappointed.
