It has only the Latin lyrics and the notation is cleaned up, completely free of all the weirdness (old-fashioned notation, horrible English "lyrics") that plagues the Kalmus.0 of 0 people found the following review helpful. If you are singing Te Deum in Latin, this is it!By Thomas PittsFound this edition where the Latin is large enough, not in italics, and not under an English translation. Modern quarter rests!!!

Haydn's "Grosse Te Deum" was probably composed in 1800 for a performance given at Eisenstadt in the fall of that year. Scored with a full orchestral accompaniment, it was first published in 1802 by Breitkopf und Hrtel. The score here is a newly engraved vocal score edited by Richard W. Sargeant, Jr. - in a format specially designed for maximum readability for choruses.
