John Thompson : Teaching Little Fingers to Play: A Book for the Earliest Beginner (John Thompsons Modern Course for The Piano) before purchasing it in order to gage whether or not it would be worth my time, and all praised Teaching Little Fingers to Play: A Book for the Earliest Beginner (John Thompsons Modern Course for The Piano):

105 of 112 people found the following review helpful. Awful for beginners!!!By ZMomUtahAs a piano teacher I really dislike the way this book is laid out. The progression just makes no sense, and the beginner young kids I teach (all 6 years old) just can't grasp the concepts they throw at you on the first pages. The very first page has them playing C, D, and E, on the staff. I think it's bizarre. I much prefer the Alfred or Bastien books where you learn fingerings, rhythm, and black keys, white keys, THEN the staff. I really wish I hadn't wasted the money on this book. I'll probably use the songs later on in the book when my students learn to play on the staff, but it's just awful for beginners.0 of 0 people found the following review helpful. I still feel this is a great book to start off if you are notBy Nubian PrincessI am on a beginner's level with my lessons and even tho I am familiar reading musical notes, I still feel this is a great book to start off if you are not. Overall I am pleased with this book.1 of 1 people found the following review helpful. Easy to FollowBy WDWFanMy 12 year old daughter is just starting to self-teach herself how to play the piano. She has the background knowledge of how to read music. At first, she said this book was way too easy because the first part of this it just teaches you how to read music. However, my daughter enjoys playing the cute and easy to follow songs in this book.

(Willis). A book for the early beginner combining rote and note approach. The melodies are written with careful thought and are kept as simple as possible, yet they are refreshingly delightful. All the music lies within the grasp of the child's small hands. A best-seller around the world! Teacher accompaniments are available in a separate book - Teaching Little Fingers to Play Ensemble (412228). NOTE: The latest reprint (2017) features fewer fingerings and refreshed images.
