Linda Murphy on*An excellent love story by bestselling author Sandra Brown not to mention if you ever fantasized about "love at first sight", this surely is the book to read.....On the eve of her wedding, Megan Lambert thought she had it all. A great fianc, a decent job and good health. What more could a girl ask for? And then in a split second everything had changed. He walked in with such style and grace and Megan was at a loss for words for she thought he was the most handsomest man she has ever seen, but it didn't help matters though since he was one of her fiance's closest friend's. He introduced himself as Joshua Bennett but he preferred Josh and by asking Megan to dance made it even more difficult because she was finding it truly hard to concentrate on what she was doing. However unaware to her, Josh was going through the same effects and the impact this woman was having on him was uncanny. So was it all that shocking when they found themselves sneaking off discovering a deserted gazebo, arms entwined sharing the most passionate kiss ever? For Megan it was and what was she thinking? After all, she is getting married the next day. Running from Josh's grasp, she vowed never to see him again and she thought she never would in her future as well. Now being a widow for a short time only, she is informed by her boss that Josh Bennett wants to hire her for his firm. Even now when she sees him for the first time since that night so long ago, she is faced with emotions that she has never experienced before with no other man. Josh being the handsome, debonaire man about town that he is, also has an ulterior motive. For deep down he feels the same way about Megan and he isn't going to give up until he finds a way to win her over no matter what! Will Megan give in to Josh and accept his job proposal? She knows he is determined to have her. Should she? One thing Megan knew with a certainty that as soon as Josh slowly pulled her into his arms and embraced her, no doubt will it ever be over between them. For not even she will be able to resist "Temptation's Kiss!".....enjoy!....thank you1 of 1 people found the following review helpful. Typical good love storyBy Cynthia E. CummingsIt was a typical love story, but Sandra Brown does it so well. I'm only an occasional love story fan so when I read one, I want it to be good.0 of 0 people found the following review helpful. Brown has evolved into a much better writer this book is good for a light read ...By CustomerTypical early Sandra Brown, lots of sex, lots of animosity from female, who is trying to make it in a man's world, toward overbearing male. Of course he ends up winning, Surprise (NOT)! Since Ms. Brown has evolved into a much better writer this book is good for a light read if your own scoffing at the scenes, motivations or dialogue doesn't get in your way.
