From Stainer Bell Ltd : Ten Duets, Book Two (Book 2 v. 26) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ten Duets, Book Two (Book 2 v. 26):

This volume is intended to supplement Roberts' revision of Alfred Moffat's selection of six vocal duets by Purcell (SB # R 4129). It represents four longer duets of rather greater difficulty. This is the second volume of Henry Purcell's "Ten Duets", edited by Timothy Roberts, published in a 32-page, saddle-stitched paperback (No. 4130), by Stainer Bell, 1979, includes: 7. "No, resistance is but vain"; 8. "O Dive custo"; 9. "Hark! how the songsters of the grove"; 10. "Let Caesar and Urania live." [- image and description provided by Booklars.]
